Marco **Sabatini**

Junior Frontend Developer

Qualified Junior Web Developer who completed an IFTS (Higher Technical Education and Training) course, specialized in full-stack web application development. Practical training in network architecture and modern front-end and back-end technologies. I follow an organized working method and bring problem-solving skills and a team-oriented attitude, built through a range of hands-on work experiences.

PROFESSIONAL EXPERIENCE

Jan 2026 – Jun 2026

Frontend Developer Intern

Televideocom (for Abacons), Sassari (SS)

- Developed complete web apps during the IFTS course using Angular and TypeScript, independently building dozens of UI components and Angular modules.
- Integrated frontend and backend with REST APIs, HttpClient and Socket.io for chat and real-time updates.
- Organized frontend work in weekly Agile sprints via Jira, coordinating the team and supporting problem solving.

Aug 2025 – Oct 2025

Logistics and Warehouse Operative

Treesse Logistica e Servizi S.r.l., Macomer (NU)

- Handled movement, storage and preparation of ~1,000 parcels per day (6 days out of 7), ensuring timely warehouse flows.
- Used a pallet jack and an intercom system to reduce sorting errors and speed up loading operations.

Jun 2025 – Jul 2025

Installation Technician

Consul.Clima S.r.l., Oristano / various job sites

- Worked alongside an experienced operator, averaging 1 job per day, contributing to the installation and maintenance of air-conditioning and heating/plumbing systems.
- Carried out wiring, fastening and operational testing following the senior technician's instructions, ensuring on-time completion of multi-day jobs.

Oct 2023 – Jul 2024

Delivery Driver & Cashier

Pronto Pizza, Macomer (NU)

- Made ~15 deliveries per day (about 90 per week), ensuring punctuality, courtesy and correct handling of cash at the customer's door.
- Ran the shop's till (takings, change and POS payments), ensuring accurate end-of-shift closing.
- Took phone orders and passed them on to the pizza chef clearly and immediately to optimize preparation times.

Mar 2023 – Apr 2023

Warehouse Operative

Green-Log S.r.l. / MD S.r.l., Macomer (NU)

- Moved and organized ~800 parcels per day using electric pallet jacks, ensuring correct storage and tidy warehouse aisles.
- Supported the team in preparing pallets, reducing loading times and improving accuracy in goods sorting.

Languages & Web

HTML5 · CSS3 · JavaScript (ES6+) · TypeScript · SQL · SASS/SCSS

Frontend

Angular · Responsive Web Design · Component Architecture · Standalone Components · Angular Directives · Angular Pipes · Functional Routing · Signals API · Typed Forms · RxJS · Reactive Programming · NgRx · State Management · Asynchronous Programming

Jul 2022 – Dec 2022

Installation Technician / Electrotechnician

I.T.C. di Becchere Giancarlo, Bosa (OR)

- Worked alongside experienced technicians in an almost apprentice-like role, supporting the installation and wiring of ~5–6 systems per week (Hitachi air conditioners, pellet stoves, air-to-water systems and radiant heating).
- Performed hands-on assembly, cleaning and commissioning tasks under supervision, consolidating practical skills in electrical and air-conditioning systems.

Apr 2018 – May 2018

Installation Technician / Electrotechnician

Aire S.r.l., Arzachena (OT)

- Worked daily alongside an experienced technician on site, supporting cable pulling, trunking fastening, switchboard connections and simple water/irrigation system work.
- Carried out basic hands-on tasks (probing and pulling cables in conduits, tightening fittings, minor maintenance), always under supervision, to learn correct and safe procedures.

EDUCATION AND TRAINING

Oct 2025 – Jul 2026

IFTS Course – Techniques for the Design and Development of IT Applications

Abacons / Televideocom, Sassari (SS)

- Higher Technical Education and Training (IFTS) specialization certificate earned with Abacons, with in-person lessons and exam held at Televideocom (Sassari).
- Focus: full-stack web development with Angular, Node.js, Express, Sequelize and MySQL.

2012 – 2017

Technical Diploma – Maintenance Technician for Civil and Industrial Equipment and Systems / Electrotechnical Expert

I.P.I.A. E. Amaldi, Macomer (NU)
